

ADC Exported Constants

```
graph LR; A[ADC sequencer end of unitary conversion or sequence conversions] --> B[ADC Exported Constants]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text "ADC Exported Constants". The box on the right is gray with a black border and contains the text "ADC sequencer end of unitary conversion or sequence conversions". A black arrow points from the right box to the left box, indicating a relationship or flow from the sequencer state to the exported constants.

ADC sequencer end of
unitary conversion or
sequence conversions
