

ADC Exported Constants

Oversampling - Data  
shift

```
graph LR; A[ADC Exported Constants] <-- B[Oversampling - Data shift]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text 'ADC Exported Constants'. The box on the right is light gray with a black border and contains the text 'Oversampling - Data shift' on two lines. A black arrow points from the right side of the gray box to the left side of the white box, indicating a relationship or dependency between the two concepts.
